Street Address Application

NOTE: To process this application you will need to obtain your properties **Galveston County Appraisal District (GCAD) Property ID # and Account #**. Please be aware that addresses within the City of Dickinson are assigned to specific structures and not general pieces of land. Street addresses are assigned on the orientation of the structure, thus a site plan, as described below, **MUST** be submitted with this request. If the building is rotated to face another street a new address must be requested.

A site plan shall mean a graphic presentation, drawn to scale, in a horizontal plane, delineating the outlines of the land included in the plan and all proposed use locations, accurately dimensioned, the dimensions also indicating the relation of each use to that adjoining and to the boundary of the property. Scale shall be at least one (1) inch to one hundred (100) feet for sites under thirty (30) acres, and at least one (1) inch to two hundred (200) feet for sites greater than thirty (30) acres.
