April 10, 2008

The Dickinson Police Department is requesting the assistance of the public in locating two missing juveniles.

Candice Moneek Brown, 15 year old black female, was last seen at her residence in the 2100 block of Avenue H, Dickinson, Texas. Candice was last seen around midnight the morning of Tuesday, April 8, 2008. Candice was discovered missing at about 6:30 AM, when her mother checked her bedroom. It is believed Candice left the residence voluntarily.

Of special concern to police is the fact that Candice took her one year old daughter, Alexys Chenniel Brown, a black female. Police are concerned for the health and safety of Alexys.

Police have information that Candice may be in the north Houston area with an unknown adult male identified only as "Ranfred". Candice may have made contact with this male through a local phone chat line.

Candice is described as 5'4" tall, 160 pounds, having brown hair and brown eyes. Candice has a tattoo on her upper left shoulder.

Anyone with information is asked to call Dickinson Police at 281-337-4700, their local police department or Bay Area Crime Stoppers, 281-480-TIPS (8477).
