### Missing Juvenile – Located

Rachel Lea Ware, 15 year old female, was located in the early morning hours of June 22, 2005. Ware had been reported as missing on June 16, 2005.

Detectives had traced Ware, along with William Dial George, 19 year old male, to several locations in Texas, including Tomball, Austin and Dallas. A warrant was issued on June 20, charging George with harboring a runaway. Detectives had made contact with George by telephone and he refused to cooperate in returning Ware. George eventually turned himself in to Tomball Police and detectives from Dickinson arrested him on June 21. Ware was recovered at a local hospital after arriving for treatment of abdominal cramps.

George was being held in the Dickinson Jail on a charge of harboring a runaway, a Class A Misdemeanor, and a \$1,500.00 bond. George faces up to one year in jail and a \$4,000.00 fine.
